Landscaper/Tree Service
Fertilizer Applicator/Lawn Care Companies

Re: Application for Registration for Landscape Contractors

To Whom it May Concern,

In March of 2010 the City of Avon Lake adopted an ordinance that requires Landscaping, Tree Care/Clearing, Lawn Care, and Sprinkler System installation and maintenance to be licensed, registered and bonded. It is time once again for the registration process. I have attached the registration forms for the 2017 registration year. **The \$5000.00 bond must be on the enclosed Public Works Department bond form.**

Please keep in mind that if you are a landscaper that also is registered as a general contractor or sprinkler system installer that does work that requires permits (patios, decks, footers, concrete, plumbing, etc.) through the Building Department you must be **dually** registered with the Building Department, **which means that you will have to have separate forms including bonds for both departments.** If your company does only lawn care, landscaping, fertilizer application or tree care services, you are not required to register with the Building Department, only with the Public Works Department.

Please contact me at (440) 930-4101 if you should have any questions regarding these registrations.

Sincerely,

Joseph R. Reitz, CPESC
Public Works Director
