

The Cleveland Bradford Pear, known as the Callery pear or by its botanical name *Pyrus calleryana*, blooms throughout Avon Lake in spring.

In case you receive questions, cleveland.com provides an excellent concise article as to why the tree is prohibited from sale in Ohio. View article [HERE](#).

It is best removed and replaced with the following white-flowering alternatives:

Serviceberry

White Eastern Redbud

Crabapple

Kousa Dogwood

Tree Lilac

Sweet Bay Magnolia

Eastern hophornbeam

American hornbeam

Viburnum
